Orthopedic and Sports Physical Therapy, LLC

## Free Sports Screen

***Our goal is to assess injuries and help athletes return to the field of play.***

A screening can be defined as a 15 minute assessment of a musculoskeletal injury sustained during the act of play/training at no initial cost to the athlete. The purpose of this screen is to quickly assess and direct the injured party to the appropriate level of medical care, be it physical therapy, physician intervention or self care.

Patients are asked to fill out a basic information form, injury history and HIPPA recognition form. As a walk-in client they may be a wait to meet with a licensed clinician for their screen. Patients will be given a suspected diagnosis and a suggested course of treatment. If appropriate, patients may be offered the opportunity to begin physical therapy on site.\*

If further assessment is found to be necessary, patients may be provided with the contact information for the orthopedic specialist working with the program.

Please contact our office at 503-328-0222 to get window of times available for a screen. We are open at our Gresham location 25500 SE Stark Street Suite 103 Gresham Oregon 97030 Monday through Friday 7:30 am to 5:30 pm.

For more information contact Clifford Stanford, PT Assistant at 503-328-0222 or via e-mail [cstanford@proactivesportspt.com](mailto:cstanford@proactivesportspt.com)
